

Dear Chairman Powell and Commissioners,
Hello. I am 37 years old, and some of my dreams have come true, and some have not. America, however, will outlive me. Please don't let our country get smothered under the fear and doubt that has steadily demoralized this nation since the assassination of John F. Kennedy Jr. Please be a part of the hope and healing for the future.

As the elections approach, a well-functioning democracy demands that citizens have access to a diversity of opinions and voices on the choices confronting us.

Sincerely,

Elizabeth A. Burgert
